The North Wind

Warwick, Alexandria

A lush and enchanting fantasy romance, inspired by Beauty and the Beast and the myth of Hades and Persephone. Beloved by readers on TikTok. For three hundred years, the land surrounding Edgewood has been encased in ice as the Shade, a magical barrier that protects the townsfolk from the Deadlands beyond, weakens. Only one thing can stop the Shade's fall: the blood of a mortal woman bound in wedlock to the North Wind, a dangerous immortal whose heart is said to be as frigid as the land he rules. And the time has come to choose his bride.
