OTO ORDER FORMS:

Order-to Order (OTO) status and order forms for long-lead ordering allows us to fulfill at SOR orders for some of our titles that will be of interest to a select number of retailers instead of listing them as Indent titles.

This is intended to help us:

- list more unique titles from overseas at SOR
- limit overstocks and therefore environmental and economic waste
- with long-lead OTO ordering, limit the need for air-freight

Order due dates will be the same as our usual monthly new release order deadline - all orders on file by that date can be supplied to customers on time.

This means that orders will be on file sooner, and in time to ship immediately from the overseas supplier. This will allow the entire subscription to dispatch to customers all at once if they have their orders on file by the order cutoff date of that selling cycle.

The pub date will always reflect our mid-month R2 publication date.

It does not replace the Indent order form, you will still get this: Indent titles are FIRM, but OTO remains SOR and will become a Stock 'S' title after publishing.
