

A photograph of a glowing lantern surrounded by white roses. The lantern is a dark, ornate metal cage with a warm, orange light emanating from within. It is nestled among dense, dark green foliage and clusters of white roses with delicate pink edges. The background is softly blurred, showing more of the garden scene.

A Growing Studio, A Growing Story

Six years ago, The Collective Book Studio began as a simple but powerful idea: Create a publishing home rooted in creativity and collaboration. A place where books are not only beautifully made, but thoughtfully nurtured from concept to reader.

Today, that idea has grown into something truly special.

Our team has expanded, bringing together passionate individuals who care deeply about the work we do and the stories we tell. Their creativity and dedication has helped shape a publishing program that continues to grow in both scale and impact.

Over the past year, we've celebrated incredible milestones—our second *New York Times* bestseller, continued *USA Today* recognition, and 18 book awards earned in 2025 alone. We also launched Tiny Torch Books, a new children's imprint created to support and inspire young readers, and to give our growing children's list a dedicated home.

Our books continue to reach readers in meaningful ways, whether it's a beloved children's book like *Noodles, Please!* and *Little Loon Finds His Voice*, or the best-selling *The Fly Who Flew to Space* and *The Fly Who Flew Under the Sea*. Standout lifestyle and gift titles, including *Monday Night Mocktails*, *Houseplants and Their F*cked-Up Thoughts*, *Heartland Masala*, and *Women Shaping the West*, offer a wide range of subjects that appeal to book lovers everywhere.

While we're proud of what we've achieved, what I hold most closely is the community that surrounds these books. Our authors, our team, our booksellers, and our readers—you are the heart of everything we do.

Thank you for being part of this journey. We're so grateful to be building it together.

With appreciation,

Angela Engel

At The Collective Book Studio, we create high-quality, design-forward books that pair compelling content with exceptional production, from engaging children's titles to distinctive gift books and cookbooks. Building on the success of our growing children's list we launched Tiny Torch Books, a dedicated imprint focused on creating beautiful, meaningful stories that ignite curiosity in young readers. As an independent publisher, we partner closely with our authors to bring diverse voices to life, allowing them to focus on creating while we handle the details. We invite you to explore our list and discover the creativity, care, and collaboration behind every book.

The Collective Book Studio books are distributed to the book trade by our distribution partner, Simon & Schuster.
