“For years, quilters have used a ruler and graph paper to design their quilts. And, if you don’t have graph paper, drawing a grid on paper works great, too!...C&T has made it easier with their new QuiltGenius Design Tool Kit. It comes with stencils, graph paper and a guide book to help design your next quilt.”

Lynn Woll from Create Whimsy

“There’s something special about using mechanical or colored pencils on graph paper that unleashes all kinds of creative ideas. Using those simple tools is a bit addicting. Add in some templates that recreate the shape and scale of lots of different quilt block components and it’s a winning combination.”

Deb Messina from QuiltBlox

“In the future, I am probably going to be looking at using this for my groundwork when it comes to quilting and patchwork.”

John Bloodworth from Gentleman Crafter

Start the New Year Organized

WITH MUST-HAVE PLANNERS & CREATIVE CLASS IDEAS

KICK OFF THE YEAR WITH A PLANNER

Set the tone for a productive year by offering a range of planners tailored for every crafting niche. Whether it's the Embellished Art Embroidery Project Planner, Quilter's Project Planner, Garment Maker's Project Planner, or Knit & Crochet Project Planner, each planner is designed to help your customers stay organized and inspired.

PLAN A YEAR OF CLASSES

Use the planners to set up a year-long series of classes. Organize workshops that align with each planner's focus, such as quilting techniques, garment creation, or knitting and crocheting projects. This will help your customers stay on track with their projects and discover new skills throughout the year.

DOCUMENT YOUR CREATIVE JOURNEY

Encourage customers to document their crafting progress with our Project Planners. They can track their journey from the initial design to the finished project, capturing every step and making it easier to reflect on their growth and achievements.

HOST A BROWN BAG MYSTERY ANNUAL PROJECT

Spice up the year with a Brown Bag Mystery Project. Each month, participants receive a mystery project kit and use their planners to document their progress. This fun and engaging activity keeps customers excited and invested throughout the year.

TACKLE UFOS WITH MONTHLY GOALS

Help your customers finish their UnFinished Objects (UFOS) by setting monthly goals. With the Quilter's Project Planner, Embellished Art Embroidery Project Planner or Knit & Crochet Project Planner, they can keep track of their UFOS and chart their progress, ensuring those projects are completed.

CREATE A WISH LIST AND BUCKET LIST

Encourage customers to make a wish list of projects they want to start and a bucket list of projects they dream of completing. Our Project Planners are perfect for capturing these aspirations and planning actionable steps to achieve them.

USE DESIGN PAGES TO CAPTURE IDEAS

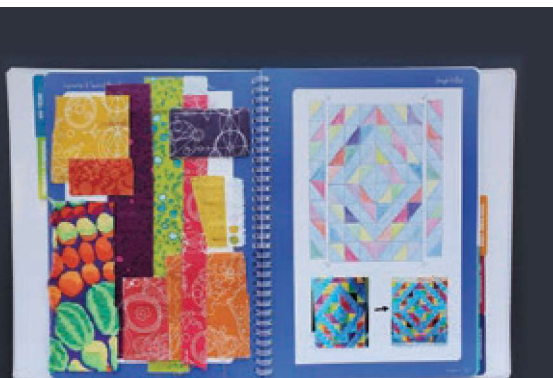

Inspire your customers to explore using the design pages in our Project Planners. These pages allow them to sketch and plan unique, artistic designs, unleashing their creativity.

SET A COLOR CHALLENGE OR MONTHLY SKILL-BUILDING QUILT

Organize a vibrant color challenge or a monthly skill-building project using the Quilter's Project Planner. Whether it's mastering new techniques like curves, Y-seams, or paper piecing or creating a stunning sampler quilt, this planner helps track progress and achievements. Upsell the Essential Color Card Deck to guide participants in color selection, and pair it with the Quilt Genius Design Tool Kit to plan and execute cohesive, dynamic designs all year long.

BUNDLE WITH ESSENTIAL TOOLS

Enhance your planners' value by bundling them with complementary tools. Pair the Quilt Builder Card Deck with the Quilter's Project Planner or offer the Quilt Genius Design Tool Kit alongside any planner to provide a comprehensive set of resources for your customers.

START THE NEW YEAR OFF RIGHT by offering these essential planners and creative class ideas. They will not only help your customers stay organized but also inspire them to dive into new projects and improve their skills!
