## Introduction

Pimsleur's *Lithuanian 1* Program contains ten 30-minute sessions. These ten lessons provide an introduction to the language, and make it possible to gain sufficient spoken-language proficiency to be able to have basic, but essential communication with local speakers. This program provides the beginning language strategies that will allow you to greet native speakers, to make your needs known, and to satisfy your basic requirements when traveling in Lithuania.

You will also learn to read in Lithuanian. Starting with Lesson 2 each lesson ends with a reading lesson. The Readings can be done individually with each lesson or at a more convenient time after you complete the lesson. The Readings are contained in this Booklet and are to be done in conjunction with the audio. Full instructions on how to proceed with the Readings are contained in the audio.
